Multiple Submissions

If you have multiple GPRA's that need to be uploaded, highlight all of them. Left click the first document, press Shift, and then go to the last document you would like to upload. Click it. All documents in between the first and last document should be highlighted.

The screenshot illustrates the process of uploading multiple GPRA documents. On the left, a Windows File Explorer window shows the 'Downloads' folder containing a subfolder named 'GPRA'. Inside this folder, four PDF files are listed: 'CSAT GPRA Tool', 'CSAT GPRA Tool_Followup', 'CSAT GPRA Tool_INTAKE', and 'DATA Consent'. The first three files are selected, indicated by blue highlights and a blue selection box. A blue arrow points from the 'CSAT GPRA Tool_Followup' file to the 'Submit files' window on the right. This window shows the same three files being uploaded, with their respective sizes (1.5 MB, 1.5 MB, and 490.1 KB) and a 'Submit' button at the bottom right. A text box on the left of the submission window provides instructions: 'Follow the same process previously discussed to drag all the documents. Once all the documents appear, hit [Submit]'. A hand cursor icon is positioned over the 'Submit' button in the bottom right corner of the submission window.
